This Month's Presentation

“Deployment Strategies for an Access Application”

Presenter: Paul Schnitzler

Paul will talk about the strategies of how to deploy and update Access applications in a network and distributed environment. He will show what Microsoft gives us, an overview of third party tools and scripts, and some home grown solutions. Paul will also talk about some specific challenges with deploying 2007 applications.

Our presenter, Paul Schnitzler, has been working with Access and SQL server for the last 8 years. Starting as a corporate developer in the construction field for 5 years. And as an independent developer for the last three years in construction, commercial real estate, non-profits, manufacturing, health care, trucking and variety of other fields.

DAAUG Board Elections!!!

Please run for a DAAUG board position. By being elected to a position you will be providing your group with the assistance it needs and you will have a good feeling

knowing that you are involved with your group. No position is difficult nor does any position take much time to fulfill. You will be glad you did it.

Positions known to be open are:

President

Vice President

Communications Director

Next Month's Topic (February 19th, 2009)

“Let's Build an Access Application From Scratch – Part 3”

Jim Pilcher and Patrick Headley will continue developing the DVD Library that was started several months ago. The object of this presentation is to build a professional Access application right before your eyes and with your input so you can experience the challenges and rewards of building an Access application.

If **you** are interested in presenting to the group, please contact Jim Pilcher at daaugPresident@daaug.org.

Special Microsoft Event

“MSDN Unleashed: The Best of PDC”

Event ID: 1032399792

Please join Microsoft as they present some of the highlights of PDC. They will provide overviews of some technologies first discussed at PDC and some recent releases that you can take advantage of now. Please visit the Website below for additional information and registration details.

Last Months Prize Drawing Winners

As there was no meeting in December there were no prize winners.

The Denver Area Access Group would like to thank all of our sponsors for providing valuable and fun prizes and sponsorships for 2008.

Denver Visual Studio User Group

As a service to our sister group...

Next Meeting:

Monday, January 26th 2008 – 5:30 to 9:00 PM

Location: Microsoft, Desert Mountain (Denver)

“Rethinking Object Orientation”

Presenter: Kathleen Dollard

Decades after object orientation design altered programming, it's still evolving, and we're still learning to use it better.

Many changes in the tools we use and how we write applications affect the approach we take to OOD. Some of these changes relate to architecture where new approaches like SOA, Workflow, and the layering revolution behind Silverlight alter the place of traditional OOD within the bigger picture of architecture. Other changes are language improvements that alter the very meaning of the phrase “object” from a design point of view.

While touching on architecture, this talk focuses primarily on the effect of language features like generics, extension methods, delegates/lambda expressions, partial classes/methods, reflection, anonymous types, and declarative programming. I'll show the growing role of interfaces as a contractual base in block based development and show a roll your own example of dependency injection so you understand this basic technique more often accessed through a tool.

For our complete agenda and e-mail, join the Denver Visual Studio Users Group™ at www.DenverVisualStudio.net.

Member to Member

Do you have something that might be of interest to other DAAUG members? Have a service? Something to sell? Looking for something? Then this section is for you. And no, it **doesn't** need to be computer or Microsoft Access related. Send your listings to daaugCommunications@daaug.org with "DAAUG: Member to Member" in the subject line.

Access classes by M.L. “Sco” Scofield

Check out our online schedule at <http://www.scobiz.com/ClassSchedule.asp>. We offer classes at all levels from beginning to advanced. To find the right class for you, check out our web site, call Sco at 303-757-7768, or send an email to Training@ScoBiz.com.

Be sure to ask for the special DAAUG member discount.

Linx Consulting, Inc. would like to help you

[Linx Consulting, Inc.](#) offers database application development for organizations, large and small. Linx Consulting, Inc. develops applications using MS Access 2000-2007, SQL Server 97-2005, PostgreSQL 8.x, VB.Net 2003-2005, Crystal Reports and other technologies with a focus on database applications that use MS Access as the user front-end and MS Jet or a server database engine as the back end.

For more information on how we may serve you, please call Patrick Headley at (303) 916-5522 or visit www.linxco-inc.com. The entire Website contains examples of what can do for your database application or Website. Each click on the sample link displays a different sample. Please take a look.

A Message from the Editor

“Presentations and Presenters”

Do you follow events or news that is relevant to Microsoft Access users and developers? If so, email daaugCommunications@daaug.org with information regarding the topic. A member of the DAAUG Board of Directors will review the information and, if it is determined to be of value to the group your information may show up in the newsletter or we will make an announcement at the main meeting.

We are always looking for speakers and topic ideas for our monthly meetings. To volunteer to be a speaker or to suggest a topic, see our President, Jim Pilcher (daaugPresident@daaug.org). You may also email him with "**DAAUG Speaker**" or "**DAAUG Topic**" in the subject line of your message.

This is your group and we need your support. You don't have to be a professional speaker to give a presentation. Your presentation can be about anything that's Microsoft Access related.

We are always looking for articles for our monthly newsletter. Send your articles or article ideas to daaugCommunications@daaug.org with "DAAUG Article" in the subject line.

Please visit www.DAAUG.org for the latest news, consultant lists, officer email addresses and more.

This newsletter is being sent to everyone on the DAAUG mailing list, including members, past members, and people that have been associated with the group. If you are a non-member and wish to be

removed from our list, please send an email to daaugCommunications@daaug.org with "REMOVE" in the subject line.

The email address that this message was sent from is not monitored. If you wish to send a board member an email, please click the appropriate link above.
