

Next Meeting

Date: **Tuesday, September 1st, 2009**

Time: 6:00 PM to 6:30 PM - Networking
6:30 PM to approx. 9:00 PM - Main Meeting

Location: **Microsoft USA - Rocky Mountain District**
7595 Technology Way
Suite 400 (4th Floor)
Denver, CO 80237
([driving directions](#))

DAAUG Website: www.DAAUG.org

This Month's Main Presentation

Title: Ribbons without Bows - Access 2007
Presenter: Chuck Robbins

Beginning Ribbons for MS Access 2007. We will develop an application that utilizes the new ribbon navigation and control functionality available in MS Access 2007. We will start out with the basics of XML used for the ribbon and progress into third party applications that manipulate the ribbon.

This Month's Short Presentation

Title: Product Review: FMS Total Access Analyzer
Presenter: Jim Pilcher

Take a look at FMS Total Access Analyzer for Access 2007. After this short demonstration you will agree that every serious Access developer should own this product.

Next Month's Topic

Title: Table Interface Classes and Automated VBA Code Generation

Presenter: Lindsay Wert

If you are interested in presenting to the group, please contact our Vice President at daaugVicepresident@daaug.org.

Renewing Members

Robert Scheich

As a service to our sister user groups...

Denver Visual Studio User Group

with Rob Bagby, Developer Evangelist, Microsoft

TechNet: Wednesday, September 2, 2009, 8:00 a.m. - 12:00 p.m.

TechNet Presents: Windows 7 and Windows Server 2008 R2
with Microsoft TechNet

FMI: www.DenverVisualStudio.net

Windows Small Business Server Users Group

Next meeting:

Please visit <http://www.winsbsug.com/> for meeting details.

Member to Member

Do you have something that might be of interest to other DAAUG members? Have a service? Something to sell? Looking for something? Then this section is for you.

And no, it **doesn't** need to be computer or Microsoft Access related. Send your listings to daaugCommunications@daaug.org with "DAAUG: Member to Member" in the subject line.

Linx Consulting, Inc. would like to help you

[Linx Consulting, Inc.](#) offers database application development for organizations, large and small. Linx Consulting, Inc. develops applications using MS Access 2000-2007, SQL Server 97-2005, PostgreSQL 8.x, VB.Net 2003-2005, Crystal Reports and other technologies with a focus on database applications that use MS Access as the user front-end and MS Jet or a server database engine as the back end.

For more information on how we may serve you, please call Patrick Headley at (303) 916-5522 or visit our Website at www.linxco-inc.com. The entire Website contains examples of what we can do for your database application or Website. Each click on the sample link displays a different sample. Please take a look.

Access classes by M.L. "Sco" Scofield

Check out our online schedule at <http://www.scobiz.com/ClassSchedule.asp>. We offer classes at all levels from beginning to advanced. To find the right class for you, check out our web site, call Sco at 303-757-7768, or send an email to Training@ScoBiz.com.

Be sure to ask for the special DAAUG member discount.

A Message from the Editor

"Presentations and Presenters"

Do you follow events or news that is relevant to Microsoft Access users and developers? If so, email daaugCommunications@daaug.org with information regarding the topic. A member of the DAAUG Board of Directors will review the information and, if it is determined to be of value to the group your information may show up in the newsletter or we will make an announcement at the main meeting.

We are always looking for speakers and topic ideas for our monthly meetings. To volunteer to be a speaker or to suggest a topic, see or e-mail our Vice President (daaugVicePresident@daaug.org). Please include "**DAAUG Speaker**" or "**DAAUG Topic**" in the subject line of your message.

This is your group and we need your support. You don't have to be a professional speaker to give a presentation. Your presentation can be about anything that's Microsoft Access related. You can make the main presentation or give a short one about an application that you are working.

We are always looking for articles for our monthly newsletter. Send your articles or article ideas to daaugCommunications@daaug.org with "DAAUG Article" in the subject line.

Please visit www.DAAUG.org for the latest news, consultant lists, officer email addresses and more.

Other information:

Access 2010 Features

This [link](#) is to an article that highlights some new Access 2010 features. They are:

- 1) Data Macros – Allows you to add macros to tables and columns; similar to Triggers in SQL Server.
- 2) IntelliSense in the Expression Builder
- 3) A list of where IntelliSense is available in Access 2010. New locations have been added since Access 2007

Make Office Better (from our President)

<http://makeofficebetter.com/Access>

This is a Website where you can vote on ideas to improve Office products and add your own ideas. It is best to view the ideas one category at a time because there are a large number of ideas on the site and the site will timeout too early to view them all. The link above will take you to the Access specific items. Based on the number of items that were available at the time of this article it should take between 10 to 20 minutes to cast your votes.

I have added a few ideas for both Access and Outlook. One of the more important ideas for me is to add standard menus back to Access as an option. Microsoft says that the Ribbon is supposed to help users find the options they need more quickly. However, there are potentially millions of smaller Access based applications that would do better by having a standard menu than the Ribbon.

Please take some time to sign up and vote for the Access improvements that mean the most to you.

This newsletter is being sent to everyone on the DAAUG mailing list, including members, past members, and people that have been associated with the group. If you are a non-member and wish to be removed from our email list, please send an email to daaugCommunications@daaug.org with "REMOVE" in the subject line.

Please do not "reply-to" this e-mail. If you wish to send a board member an email, please click the appropriate link above.
