## This Month's Main Presentation

**Main Presentation: Tips and Tricks Inspired by Student Questions  
(Rescheduled from August)**

**Presenter: M. L. "Sco" Scofield**

Rescheduled from last August, M. L. "Sco" Scofield will be presenting a collection of small "demo" databases that he's used to answer questions and solve problems for his Access students. All of the bases will get covered from forms and reports to queries and even a macro. And of course there will be code. Because, as we all know; "Code fixes everything!" Always entertaining and informative, come join us this month for another one of Sco's excellent presentations.

Our presenter, M. L. "Sco" Scofield, is a Microsoft Access trainer and consultant in Denver, Colorado. He is an active member and "Consigliere" of our group. Sco is also a frequent speaker at our group. He has been using Access since version 1.0. Sco spends a large amount of his time as an instructor training all levels of Access from the introductory level all the way through advanced programming. He is a "Microsoft

Certified Solution Developer," a "Microsoft Certified Professional," and is A+ certified. Sco was awarded the prestigious "Microsoft MVP" award from 10/1/2001 through 10/31/2005 in recognition of the time that he spent helping Access users in the Access newsgroups on the Internet.

See Sco's company profile on our DAAUG web site Consultants list at [www.daaug.org/consultants.asp](http://www.daaug.org/consultants.asp) and on his web site at [www.ScoBiz.com](http://www.ScoBiz.com).
